

**MEMORANDUM OF UNDERSTANDING**  
**between**  
**FACULTY OF SCIENCE, CHIANG MAI UNIVERSITY, THAILAND**  
**and**  
**COLLEGE OF NATURAL SCIENCES, HANYANG UNIVERSITY, KOREA**

In recognition of their mutual educational, training, and research interests, the Faculty of Science, Chiang Mai University, Thailand, and College of Natural Sciences, Hanyang University, Korea, agree to further their interests in accordance with this Memorandum of Understanding (MOU).

**1. Statement of Purpose**

With the purpose of promoting close relationships in order to share experiences and exchange technological materials and other information, this MOU aims to encourage voluntary interaction and mutual cooperation.

**2. Areas of Cooperation**

Recognizing the rapid changes and technological developments taking place in the area of basic sciences, the respective parties have identified the following areas of common interest for cooperation:

- Exchange of on-going researches in Natural Sciences
- Exchange or dispatch of graduate students to participate in research programs
- Holding joint symposium either at Chiang Mai University or Hanyang University, when it is necessary

**3. Obligations**

Neither party is obligated to commit any financial or other resources in connection with this MOU. Resources for implementation of any undertaking that result from this MOU may come from either party depending upon budgetary availability. No commencement of any specific projects resulting from this MOU may be initiated without the prior written assurance of such budgetary availability to the other party.

**4. Implementation**

Specific agreements under the framework of this MOU may be implemented through the development of detailed programs of projects between counterpart entities and units within the organizational structures of both parties.

The financial arrangements that govern the implementation of such programs and projects will be detailed in such agreements.

In order to carry out and fulfill the objectives of this MOU, College of Natural Sciences, Hanyang University and the Faculty of Science, Chiang Mai University, will designate an appropriate person to coordinate the collaborative activities detailed in the relevant agreements. Through these contact persons, either institution may initiate proposals for activities.

## 5. Effectiveness and Duration

This MOU will come into effect on the date of its signing and will remain valid for a period of five (5) years. It may be renewed for a further period by mutual agreement prior to the date of expiry through a written notice by either party.

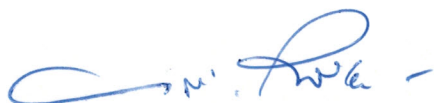

## 6. Amendments and Termination

Amendments/alterations to this MOU should be made by mutual agreement. Amendments initiated by either party will only come into effect after giving notice in writing to the other party at least ninety (90) days in advance.

This MOU may be terminated by either of the parties in the event of non-performance of one or several obligations stipulated herein and in any agreements that are signed under the framework of this MOU. Termination shall take effect only after submitting to the other party a written notice of intent at least one hundred and eighty (180) days in advance. This MOU may also be terminated by mutual agreement.

Expiry or termination of this MOU will not affect the terms of any activities which are still in progress at the time of notification.
